RE: Saluda Headgates Replacement Monthly Construction Report No. 3, October 2024

Dear Mr. Brown:

In accordance with Item 2 in Enclosure 1 to your construction authorization letter dated June 27, 2024, Dominion Energy South Carolina, Inc. (DESC) submits CEII Attachment 1, containing the third monthly construction report for the Saluda Head Gates Replacement. This report covers October 2024.

1. Schedule Changes: Previously noted difficulty installing the embedded gates guides in Tower 1 as well as weather delays during September and October resulted in the project currently being 55 days behind schedule, although as noted in Section 4 this has not been reflected in the schedule contained in this report. In addition, the in-progress Non-Conformance Reports pertaining to the fabrication of the hoists as noted in Section 3 of the report are being evaluated for their impact on the schedule, and these have also not been reflected in the schedule contained in this report. Currently it has not been determined if these delays will have a significant impact on the overall completion date for the project.
2. There have been no changes to any environmental permits during the period covered by this report.

If you have questions regarding this submittal, please contact the undersigned at 803-217-7322 or raymond.ammarell@dominionenergy.com.

Sincerely,

A handwritten signature in blue ink that reads "Raymond R. Ammarell".
