**Subject: Plan and Schedule to Address Recommendations from the Eleventh Part 12D Inspection Report, Periodic Inspection**

Dear Ms. Griffin:

Mr. Ray Ammarell's letter dated November 15, 2025, submitted a plan and schedule for addressing recommendations included in the Eleventh Part 12D Inspection Report for the Saluda Project No. 516. The Part 12D Report is a Periodic Inspection Report (PIR).

We have reviewed your plan and schedule and find it satisfies the requirements of 18 CFR 12.36. We have the following comment:

Multiple 2025 PIR recommendations relate to updating the Supporting Technical Information Document (STID) by December 31, 2026. As part of this STID update, include any updates that were not incorporated from recommendations in the 2020 Part 12D Report and comments from D2SI's review of the 2020 Part 12D Report. DESC's December 13, 2022, letter states their plan to make these updates as part of the next STID update.

Based on our preliminary review, we find the plan and schedule acceptable. However, we may have comments based on our final review of the PIR and may require a revised plan and schedule at a later date. Begin to implement the plan and schedule as submitted.

As a reminder, 18 CFR 12.41 of our regulations requires that you submit an annual status report each year until the Independent Consultant's recommendations are complete. As discussed with Mr. Ammarell during a December 18, 2025, call, the preferred due date for the annual status report for recommendations made in the 2025 Saluda PIR is October 31. Continue to submit your status reports by this date each year.

File your submittals using the eFiling system at <https://www.ferc.gov/ferc-online/overview>. When eFiling, select Hydro: Dam Safety and Atlanta Regional Office from the eFiling menu. The cover page of the filing must indicate that the material was eFiled. For assistance with eFiling, contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), (866) 208-3676 (toll free), or (202) 502-8659 (TTY).

We appreciate your continued cooperation in ensuring the safety of your project. If you have any other questions, please contact Mr. Shae Hoschek of this office at (678) 245-3077 or by email at [shae.hoschek@ferc.gov](mailto:shae.hoschek@ferc.gov).

Sincerely,

**WILLIAM  
BROWN**
